

RENEWABLE ENERGY OPTIONS FOR THE CAPE AND ISLANDS

October 26, 2002
8:30 AM to 1:00 PM

Barnstable High School Performing Arts Center
Hyannis, Massachusetts

Save the
Date

Panelists from ISO New England, The Conservation Law Foundation, The Union of Concerned Scientists, The MA Division of Energy Resources and the Cape Light Compact will provide an overview and respond to questions regarding the New England Energy system, potential regional impacts from global climate change, the status of renewable energy development here and abroad, and an analysis of specific opportunities for renewable energy development for the communities of Cape Cod, Martha's Vineyard and Nantucket. Check our website after October 1 for details.

Sponsored by the Massachusetts Technology Collaborative as part of a public outreach initiative aimed at promoting informed dialogue and decision-making with regard to the offshore wind farms currently proposed for Nantucket Sound. This event is free and open to the public. Call (508) 775-9201 for more info.
